## FILE YOUR PRESS RELEASE FOR NATIONAL DISTRIBUTION, GOOGLE NEWS INCLUSION, AND ATTENTION FROM POTENTIAL CLIENTS.

**CLICK HERE** to file your press release. Our rates are \$39 and \$69. That's it. We guarantee your release will appear in Google News (or your money back), and will be transmitted to the Associated Press, major and local news outlets, and bloggers.

## WHY USE ATTORNEYNEWSWIRE.COM? (BECAUSE YOUR COMPETITION DOES).

Attorneys and Law Firms use AttorneyNewsWire.com to promote their successes and practices. While press releases originating here are transmitted to major and local news outlets, our clients know it's the inclusion in Google News that leads to media attention, and most importantly, new business.

Quite simply, the more often you file a press release using terms important to your practice, (such as DUI, or Medical Malpractice), the more often search engines connect you with those terms. When a potential client searches for "Personal Injury Attorney" and your state, the more likely you are to appear.

## NATIONAL AND LOCAL TV, RADIO, AND NEWSPAPER COVERAGE. SERIOUSLY.

Our releases can also lead to major coverage on television newscasts and in newspapers. [Click here](#) to read a release that received national attention.

## WHO RUNS THE NEWSWIRE?

The AttorneyNewsWire is a service of ColtonCreative, the national leader in Strategic Litigation Communication. [Click here](#) for our full suite of services.

## MONEY BACK GUARANTEE

We think Money Back Guarantees are just marketing gimmicks. You're likely an attorney. You deserve better. But we are so sure that your press release will be indexed by Google News that we will refund your money if we are wrong. See pricing for specifics of our offer.

## Philadelphia Attorney Appointed To Regional Port Authority Board

By AttorneyNewsWire

PHILADELPHIA, PA (AttorneyNewsWire.com) — December 30, 2009 — Rhonda Hill Wilson, Philadelphia personal injury and nursing home negligence attorney, was recently appointed to serve on the governing board of the Philadelphia Regional Port Authority (PRPA). The 11-member board of regional business leaders is appointed by the Governor, the state legislature, the Mayor of Philadelphia, and the large counties surrounding the Port.

An independent agency of Pennsylvania, PRPA focuses on the enhancement of water-borne trade and commerce. As a board member, Hill Wilson will support the organization's commitment to economic development and job creation. PRPA works to generate activity that will maximize port-related employment and revenues by promoting the use of the Philadelphia regional port system by Pennsylvania-based industries.

Hill Wilson said, "Philadelphia has served as a leader in international commerce for more than 300 years. It is quite an honor to participate and support our local seaport which generates thousands of jobs in the region." She said, "As a business leader and Philadelphia native, it is important to me to contribute to the sustainability of our ports."

**Rhonda Hill Wilson** is pleased to support Philadelphia and its international seaport. Under the auspices of PRPA, the Port of Philadelphia was named the nation's 14th Strategic Military Port by the U.S. Department of Defense in 2002, making it one of only 14 ports in the United States permitted to handle the nation's military cargoes destined for various points around the globe.

In addition to serving on the PRPA board, Hill Wilson was recently named one of Main Line Today's Women on Move for her local business success and philanthropic efforts. She serves as a role-model and gives back to her community. Hill Wilson teaches young, inner-city women life skills and goal setting strategies and chairs the United Negro College Fund Philadelphia-area "A Mind Is" Annual Giving Society. From 2003 through March of 2007, Hill Wilson hosted "Truth Rising" which was heard on WURD 900-AM where she discussed local, national and international legal and political issues. In March 2007, Hill Wilson became the co-host of "The Morning Team" on WURD and now substitutes as co-host when needed.
